Objective

Driven Computer Science graduate with 1.7 years of hands-on experience in software engineering, proficient in various programming languages and web technologies. Seeking to leverage my skills and knowledge in a globally recognized organization to contribute to innovative projects and drive mutual growth.

Skills

- **Frameworks and Libraries:** .NET, .NET Core, MVC
- **Web Technologies:** HTML, CSS, JSON
- **Object-Oriented Programming:** JAVA, C#
- **UI/UX Tools:** Bootstrap
- **Development Environments:** Visual Studio, VS Code, SSMS, GitHub, Stack Blitz, Postman
- **Collaboration and Communication:** JIRA, Microsoft Teams
- **Databases:** MySQL, PostgreSQL

Professional Experience

Software Engineer
GEP | June 2022 - December 2023

- Supported SSDL Production environment by debugging, analyzing issues, and resolving them.
- Worked on technical skills by solving Angular UI/UX bugs in the SSDL tool, and consequently in SSDL V2 UI development.

- Implemented a new functionality i.e., Downtime management, which is an end-to-end development. Stored the constraints in the SQL database, engineered the backend using ASP .NET MVC, and used Angular as front-end framework.
- Downtime Management is a feature in the tool where, when new plugins versions, data migrations, new piece of code being deployed in the Production environment, or if facing any outage from Azure or Databricks side, the tool is not accessible to the end users by not allowing to perform the daily operations.
- Moreover, Integrated .NET Framework with Power BI using Microsoft REST APIs.

Community Manager Intern
NBLIK India Private Ltd. | April 2022 - May 2022

- Assisted in managing categories and growing the Community business across identified categories and geographies.
- Collected and maintained user experience data and proposed technical changes during meetings.
- Provided support to users by addressing their queries and resolving issues, ensuring high user satisfaction.
- Coordinated with the development team to implement user feedback and improve the overall user experience.

Education

Masters in Computer Science
University of Alabama at Birmingham, US | 2024 - Present

Bachelor of Technology in Computer Science
Gayatri Vidya Parishad College of Engineering (A), Visakhapatnam, India | 2018 - 2022
CGPA: 7.88
